Dr. Mohammad Faisal

AMBASSADOR'S MESSAGE

Pakistan has faced immense challenges, both at economic and humanitarian fronts, in the year 2022. The Mission worked diligently to face these challenges and rose up to the occasion to counter these obstacles.

The Foreign Minister, Mr. Bilawal Bhutto Zardari, visited Berlin in October 2022, which was cardinal for the recognition of Pakistan's stance on Jammu and Kashmir dispute, by his German counterpart. Other matters related to bilateral relations were also discussed in detail.

Another highlight of this quarter was the inauguration of a "Digital Tourism Corner" in the Embassy to particularly acquaint German audience regarding the tourism potential of Pakistan.

Other high-level visits were also undertaken, by Pakistani side, at political and defence fronts, which also speak of the trust which prevail between Germany and Pakistan.

The inauguration of the Pak-German friendship society is also a welcome step in enhancing people to people contacts and improving relations by creating a better understanding between the two countries.

During the current quarter, the Embassy has initiated the “Ruth Pfau Medal” in recognition of the selfless services of our German friends towards Pakistan and its people.

Our Mission in Frankfurt has been actively working to explore trade and investment opportunities and with our new Commercial Counsellor in place, we have actively participated in International Trade Fairs held throughout Germany during the year.

As the representatives of Government of Pakistan in Germany, we, on one hand, engaged various stakeholders to discuss and devise means to help the flood victims back home and on the other hand, strive to explore possibilities for enhancing economic activity between the two nations.

We express our gratitude to the German Government and people, for extending a helping hand in this hour of need.

I would like to greet all readers a happy New Year 2023 and pray that the New Year brings prosperity and peace in our lives.

Dr. Mohammad Faisal

“ As we welcome 2023, I extend my warm wishes, especially to our friends and well-wishers in Germany and all around the globe. The past year has been full of challenges for the world, in general, but for Pakistan in particular, due to the catastrophic floods. It, however, also was the time where our people exhibited resilience, strength and hope. Let's all continue to support each other, join hands and strive for a better, peaceful and prosperous world, which is the right of our future generations.

Please accept good wishes for a new year filled with health, happiness, peace and prosperity for all.

Dr. Mohammad Faisal
Ambassador of Pakistan to Germany

”
Happy New Year!

**HIGH LEVEL
VISITS**

**06 - 07 October 2022 - Foreign
Minister Bilawal Bhutto Zardari' s visit to
Germany.**

Flood in Pakistan

Pakistan's Ambassador *Dr. Mohammad Faisal*
regarding the current flood situation in Pakistan and Pak-German relations

Interview: Rainer Schubert

WHAT IMPACT DOES THE FLOOD HAVE ON YOUR COUNTRY, THE PEOPLE, THE ECONOMY AND THE INFRASTRUCTURE?

Pakistan is facing exceptionally devastating floods. The scale of calamity is unprecedented. More than 33 million people are affected and are internally displaced. More than 1,500 have lost their lives, number of injured people is well over 12,000, as the first impact of flood, not including disease outbreaks and impact of lack of hygienic conditions. 6579 Km of roads and 246 bridges are damaged. Connectivity issues will hamper economic growth, condition of affected regions and considerably undermine people's livelihoods. 1.69 million houses are destroyed. Number of perished livestock is 751,145. Livestock is vital aspect of people's livelihood in our agrarian economy and it is a loss of earning for rural Pakistan. In short, the situation is quite challenging.

IS THERE A CONNECTION BETWEEN THE FLOOD AND CLIMATE CHANGE, AS PAKISTAN IS NOT EVEN CONTRIBUTING EVEN ONE PERCENT TOWARDS GLOBAL WARMING AND IS AMONGST THE TOP EIGHT COUNTRIES TO BE THE MOST SERIOUSLY AFFECTED?

These floods are stark evidence of global warming and climate change. Pakistan is paying the price for the acts of others. In fact Pakistan contributes less than 1% of greenhouse gases yet it is one of the most vulnerable and seriously affected countries. We have never seen a starker and more devastating impact of global warming. Glaciers in Pakistan are melting fast, our forests are burning and our temperatures are rising up to 53°C. It is a very difficult situation.

WHICH SUPPORT DOES PAKISTAN NEED FROM THE WORLD AND PARTICULARLY FROM THE EU AND GERMANY TO FIGHT THE AFTERMATH AND THE DESTRUCTION PAKISTAN SUFFERS FROM THE FLOOD?

Pakistan is in need of assistance. In addition to cash donations, provision of medicines and relief items e.g. tents, shelters, temporary toilets, clothing, blankets etc. are required. Provision of clean drinking water, preferably water purification plants is important. Disease outbreak is a new challenge. Rescue and relief operations are ongoing, followed by reconstruction and rehabilitation in the longer term. The world is generously donating. UN issued a \$160 million flash appeal. Germany is extending continued assistance to Pakistan and we are grateful for the help. Visit of UNSG was pivotal in drawing global attention to the plight of flood affectees. The recent session of UNGA paid due attention to the flood crisis in Pakistan. France, a key EU member, has offered to host an aid conference for Pakistan.

HOW WOULD YOU EVALUATE THE GERMAN - PAKISTAN RELATIONS AND WHAT ARE YOUR EXPECTATIONS FOR THEIR FUTURE?

Pakistan and Germany have cordial relations since the 1950s and marked 70 years of their diplomatic relations in 2021. Both countries remain actively engaged in areas of politics, economy, defence, education and culture. Exchanges of high-level visits between the two countries have given impetus to bilateral ties and we look forward to continue in this regard.

**06 - 11 November 2022 - 4th Round of
Pakistan – Germany Defence and Security
Talks (DST)**

Bundesministerium
der Verteidigung

BUNDESWEHR

It is a three-star level forum, where Pakistan Armed Forces were represented by Lieutenant General Muhammad Waseem Ashraf, Director General Joint Services

German Armed Forces were represented by Lieutenant General Markus Laubenthal, German Vice Chief of Defence (Vice CHoD).

The visit was spread over intense meetings with top military leadership of Germany in German Ministry of Defence and also included a talk at the highest and most important military institution i.e. German Command and Staff College, Hamburg.

Visit to Federal Academy for Security Policy (BAKS)

Delegation was received by Amb Ekkehard Brose, President Federal Academy for Security Policy at BAKS.

President BAKS gave an overview of role of BAKS and its key function of advising Federal Chancellor on security policy issues. An exhaustive discussion took place on regional and international security issues and both sides gave respective national perspectives.

President BAKS acknowledged Pakistan's perspective on various issues and mentioned that it was his first ever interaction with any high-level delegation of Pakistan.

**Bundesakademie
für Sicherheitspolitik**

Visit to German MoD

Director General was presented the full ceremonial Guard of Honour by the Protocol Battalion of German military.

Visit to German MoD

National anthems of both countries were played and after review of Guard of Honour, there was a general salute followed by march past of Guard of Honour.

Bundesministerium
der Verteidigung

Visit to FüAkBw (German Armed Forces War College)

Delegation was hosted by Major General Oliver Kohl, Commandant German Command and Staff College.

Director GIDS (German Military Think Tank), Dr. Stefan Bayer, gave an overview of the think tank and its contribution in policy input to decision makers.

**GERMAN INSTITUTE
FOR DEFENCE AND
STRATEGIC STUDIES**

Visit German Naval Ship at Wilhelmshafen

The delegation was taken to the Naval Port of Wilhelmshafen where they visited the latest German Naval Ship Frigate F125 class.

After comprehensive briefings, the delegation visited the entire ship including MTU Engine room.

Later, the delegation was taken on a speed boat of special forces to the Sea, demonstrating latest capabilities of Ship in response to any contingency.

28 November 2022 - Indo-Pacific Seminars and Graduation Ceremony of German Command and Staff College

Brigadier Qasim Shahzad, Defence & Army Attaché, visited German Institute of Defence and Strategic Studies (GIDS) at German Command and Staff College in Hamburg.

He represented Pakistan in Indo-Pacific seminars and workshops as well as attend the graduation ceremony of German Command and Staff Course 2022.

Pertinent to mention that this is the first ever annual seminar by GIDS with Pakistani Defence Attaché as panelist in Indo-Pacific Seminar.

Talk delivered by D&AA to German Command and Staff Course (LGAI)

Course director had requested Defence & Army Attaché to deliver a talk on Pakistan's military relations with Germany as well as usefulness of this course to participants of the course in German language.

N INDO-
SECURITY?
